

Sign Specialists

Tender Opportunity April-May 2022

Background – Sign Specialists Ltd are a signage manufacturer working with large blue chip companies largely in the UK occasionally exporting worldwide.

During a recent energy audit the business identified the need to replace a large box oven used for powder coating and paint curing. The replacement of the 30 year old box oven would reduce energy consumption and improve production.

Opportunity – The company has a powder coating facility that currently runs a purpose built 2.25mt high x 2.6m wide x 6m long gas curing/box oven. The purpose built box oven will be a direct modern and more efficient replacement.

Proposal to include prices for removal and disposal of existing oven, supply, install and commissioning. Proposals must include the specification of the plant to be installed.

Site visits can be arranged with the Works Director details below.

Capability- Suppliers are invited to provide the most energy efficient solution. Examples of similar projects undertaken in the past three years to demonstrate capability to design, install and commission this project.

Selection Criteria – The contract will be awarded to the most cost effective tender that meets the requirements of the company and can be delivered within the planned timescales.

Payment Terms – Payment will be made in stages and agreed as part of the contract discussions.

Anticipated payment terms to be included in the prospective supplier's quotation.

Cost – To be stipulated in the prospective supplier's quotation.

Timescales

- Compete tenders to be received by the companies Works Director via email no later than May 30th 2022
- Project installation timescale will need to be completed within one month.
